

MoPED

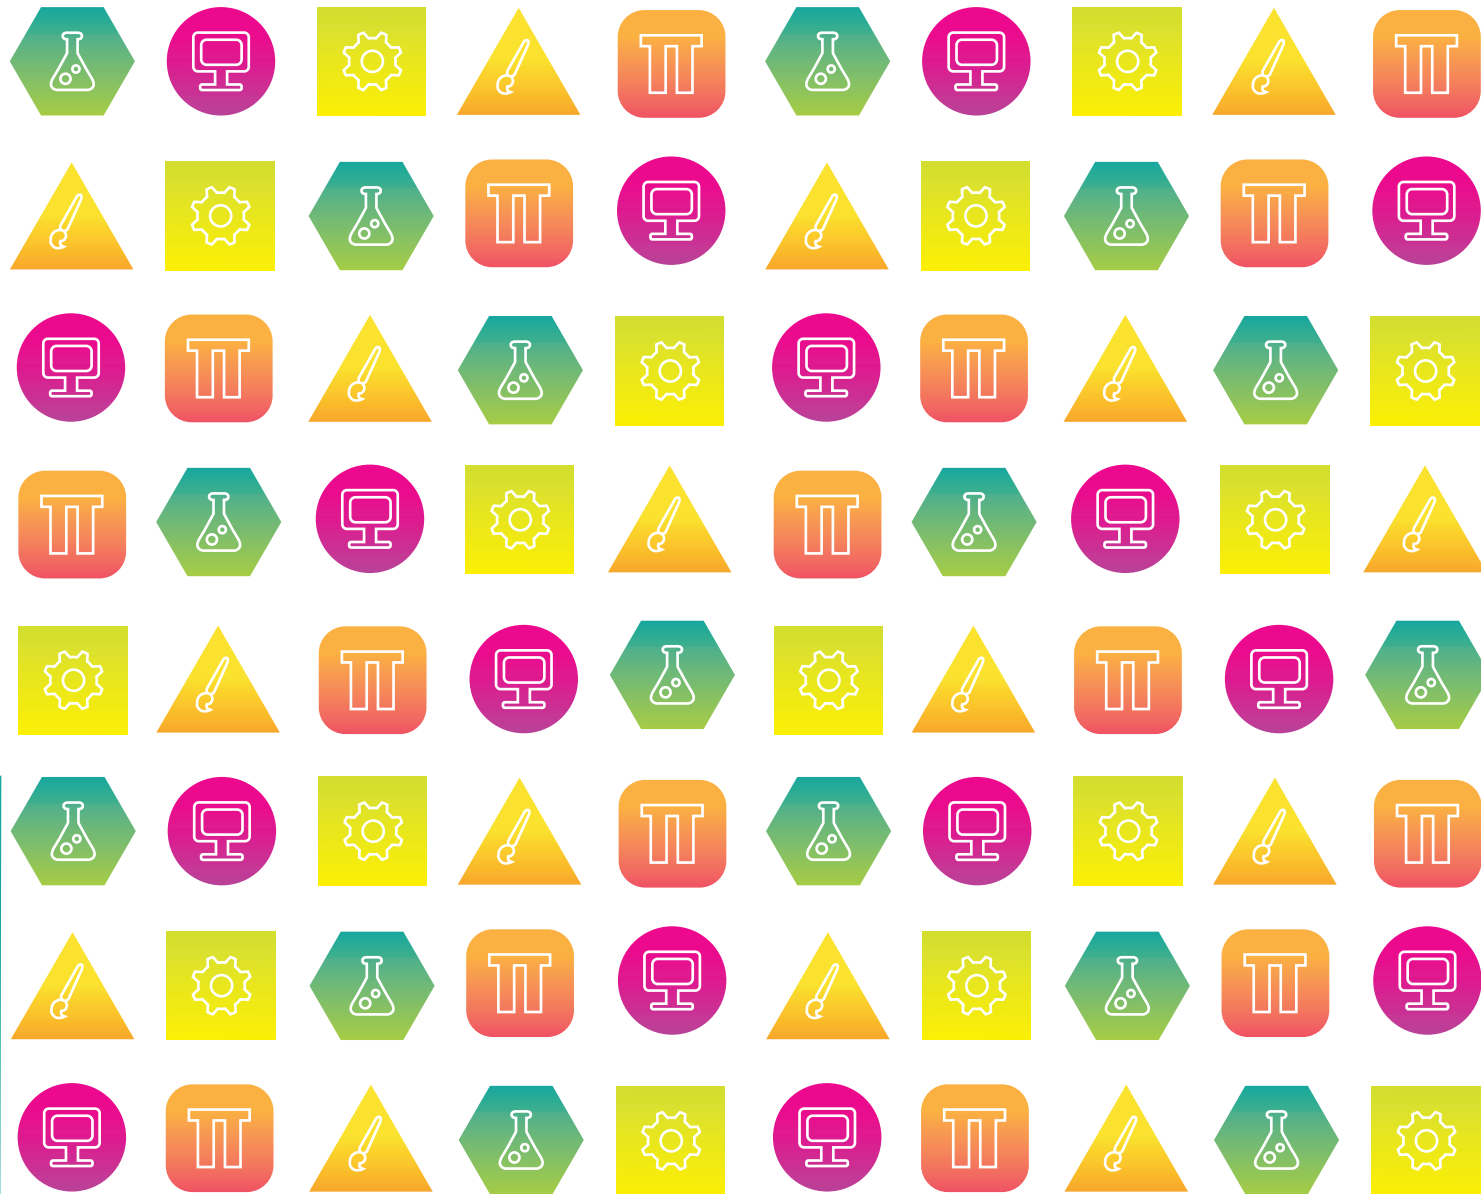

addresses the challenges of large-scale educational reforms in Ukraine. The project is aimed to impact and improve the quality of pedagogical higher education and enhance digital and didactical competences of future school teachers.

MAIN PROJECT ACTORS:

University and School Students

University and School Teaching Staff

University and School Administration

Co-funded by the
Erasmus+ Programme
of the European Union

Modernization of Pedagogical Higher Education
by Innovative Teaching Instruments

MoPED FOCUSES ON:

Modernization of curricula for pedagogical schools in Ukraine by incorporating novel courses on modern ICT instructional tools and inquiry methods.

Building effective cooperation between EU and Ukrainian pedagogical HEIs, school teachers and their associations.

Enhancing the professional level of future and current school teachers by sharing EU best practices in the application of technology and pedagogical methodologies in a classroom setting.

Building of MoPED ecosystem for communicating with main education actors in the country.

MoPED PRODUCTS:

3D map of education in Ukraine and best EU HE products focusing on pedagogy, technology and educational institutions.

Guide devoted to building teachers' profile on digital competencies.

18 new courses and learning materials for STEAM Bachelor's and Master's Degree Programme in participating UA HEIs created and accredited.

Project conference and project master classes.

New courses serving over 500 university students.

Trained 450 lecturers and academic staff of Ukrainian pedagogical institutions to guarantee application and sustainability of developed courses and design of brand-new ones.

6 "Innovative classrooms" in each UA HEI as 21st century learning spaces based on best European practices.

Knowledge gained from EU partners shared with over 300 school teachers by 12 trainings.

Cooperation between EU and Ukrainian pedagogical HEIs, school teachers, and their associations.
